

➤ **About language laboratory:**

The Department has a modern Language Laboratory with state-of-the-art audio-visual equipment to aid in imparting language skills. The Laboratory is effectively utilized by students and faculty members for various self-enhancement and soft skill development activities. Laboratory proves beneficial for those students who are poor in use of English language. Students from rural areas who are generally weak in English can have sufficient training in the language lab. It aims at confidence-building among students for interactions and presentations in English. The basic purpose of the lab is to provide students a platform to enhance English language skills, communication skills and to practice soft skills.

About Software in the lab:

In our language lab, we use **WALIDEN software** to learning English language communication skills as part of ELCS lab for 1st year B.Tech students and AECs lab for 3rd year B.Tech students under JNTUH curriculum. This software enables the students to practice all the language skills like listening, speaking, reading and writing skills. This language learning software can be used by 1500 users. Further, this revolutionary language lab is equipped with Audio recording facilities which help a great mode of evaluation and feedback. By this self-evaluation of the students' performance, they can identify the areas that need to be improved or changed.

Yadadri Bhuvanagiri Dist.-508 284.

Configurations and appearance of lab:

The systems includes a key board that is wired to a number of rows of students compartments, containing a student tape recorder and head set with a boom arm microphone. The teacher console each and every student by 2-way communication between the teacher and his/her students individually.

➤ The main objectives of the Language Laboratory are:

1. To equip the students with good communication skills.
2. To emphasize the need of English in the technical world.
3. To prepare them for interviews and future job environments.
4. To train the students in the art of conversation and discussion.

OUTCOMES OF THE LANGUAGE LAB

In today's corporate world the basic but most expensive skill required is to handle the English language effectively. It silently reveals the caliber of individual in their profession which in turn contributes to career growth. It is a fact that most students who do not find a placement after completion of their technical studies are very much dependent on their ability to express themselves and their knowledge efficiently.

The language laboratory plays an important role in the language learning process. It has become inevitable in today's context. Scientific advancements have produced a number of innovative products to assist the learning process. Innovative products such as digital multimedia control, wireless headsets and microphones, the interactive response pad, etc. are very useful for students learning languages for communication

Language labs provide practice in an entertaining and interactive way to acquire the four main language skills: listening, speaking, reading, and writing. Language labs allow students to reinforce material learned in class by putting them into practice through interactive activities.

(VI) Deshmukhi, Pochampally (Midi),
Yadadri Bhuvanagiri Dist.-508 284.

The Computer Assisted Language Lab (CALL) uses the computer to teach language. The language course materials are already fed into the computer and are displayed according to the features available in the system. Nowadays, there are also laboratories with computers with a connection to the Internet. These are called Web Assisted Language Laboratories (WALL).

While using the language lab the students get the advantage of listening and learning the language without a time constraint. The practical sessions provide the chance for understanding the clear concept regarding right pronunciation, different accents and other aspects of language learning too. It helps one to learn pronunciation, accent, stress and all other aspects of the speech sounds of a language, so that they will be able to grasp the different accents uttered by the people from different walks of life. This listening skill automatically leads to Speaking.

PRINCIPAL
Vignan Institute of Technology and Science
(VI) Deshmukhi, Pochampally (Mdl),
Yadadri Bhuvanagiri Dist.-508 284.

Another advantage of the language lab is that it helps one to assess and improve the speech in English through the self help features. These features include model pronunciation of words, also the students can use it in record and playback mode that counterpart the user in self -assessment.

Since, so much of the data can't be dictated by the faculty, because it has time constraint, a lot of information / notes can be read by the students from the computer system and will be answered the questions which are followed by the information provided. This leads to the enrichment of Reading Skills as well as thought provoking & Innovative Writing skills.

Short-term and long-term modules have been designed for international examinations like IELTS, TOEFL, GRE, SAT, CAT and other competitive examinations. Paperless examinations have been conducted & evaluated through the language laboratory for the enhancement of all the four language skills.

PRINCIPAL
Vignan Institute of Technology and Science
(Vi) Deshmukhi, Pochampally (Md),
Yadadri Bhuvanagiri Dist.-508 204:

Most of our students have got a lot of benefits by not only acquiring the language skills but also the confidence and the soft skills. Finally, we can conclude this by recording the importance of Language Learning Labs as by declaring that “We are Lifeless without Learning English Language” which is considered as a “Fish out of water”.

A handwritten signature in blue ink, appearing to read "S. S. S. S. S." or similar, written in a cursive style.
