1. INTRODUCTION:

The introduction of the Advanced Communication Skills Lab is considered essential at 3rd year level. At this stage, the students need to prepare themselves for their careers which may require them to listen to, read, speak and write in English both for their professional and interpersonal communication in the globalized context.

The proposed course should be a laboratory course to enable students to use 'good' English and perform the following:

- Gathering ideas and information to organize ideas relevantly and coherently.
- Engaging in debates.
- Participating in group discussions.
- Facing interviews.
- Writing project/research reports/technical reports.
- Making oral presentations.
- Writing formal letters.
- Transferring information from non-verbal to verbal texts and vice-versa.
- Taking part in social and professional communication.

2. OBJECTIVES:

This Lab focuses on using multi-media instruction for language development to meet the following targets:

- To improve the students' fluency in English, through a well-developed vocabulary and enable them to listen to English spoken at normal conversational speed by educated English speakers and respond appropriately in different socio-cultural and professional contexts.
- Further, they would be required to communicate their ideas relevantly and coherently in writing.
- To prepare all the students for their placements.

3. SYLLABUS:

**SPECIAL SESSIONS TO ENHANCE LANGUAGE AND
COMMUNICATION SKILLS**

ENGLISH LANGUAGE COMMUNICATION SKILLS-LAB

Good communication skills are indispensable for the success of any professional. The English language, in particular, has become essential in the lives of young people who aspire to advance their careers anywhere in the world. Our Language Laboratory in houses Advanced Pentium Computer Systems and Innovative products such as digital multimedia control, headsets and microphones, the interactive response control, etc. which are very useful for students learning languages for communication. It is very useful for assessing students' speech & provides students with the technical tools to get the best samples of pronunciation of the language. The electronic devices used in the laboratory will stimulate the eyes and ears of the learner to acquire the language quickly and easily. The laboratory's collection is designed to assist learners in the acquisition and maintenance of aural comprehension, oral and written

proficiency, and cultural awareness. It offers web-assisted materials and videotaped off-air recordings in the target language.

A **language laboratory** is a dedicated space for foreign **language** learning where students access audio or audio-visual materials. They allow a teacher to listen to and manage student audio, which is delivered to individual students through headsets or in isolated 'sound booths.

Why use Language Lab to Teach English?

A teacher teaches a class of around 40 students in a 45-minute-long period. Each student gets very less time to practice speaking English in one class. While the teacher is burdened with finishing a large syllabus in short time, the teacher is unable to provide with the needs of each student.

With English Language labs, all students in the class can speak and practice simultaneously without distracting each other regardless of the class size. Language lab gives an opportunity to work on individual needs, which is difficult to be achieved in a classroom setting.

Every Institute meets the hardware, software and human resource requirements to set up a digital language lab. The Institute's computer lab can be integrated a language laboratory. Inclusion of LSRW will make learning English more interactive and fun for the students. Content will be available as pictures, sound, texts and video and the teachers can adjust materials to fit the necessity of the students. The teachers will also have the authority to track the performance of each student time-to-time.

Laboratories Handled:

Center for English Language Learning (CELL):

The English Language Laboratory (CELL) was established in the year 2003, inaugurated by Dr.Y.Venkatarami Reddy, the then Vice Chancellor of JNTUH, with an investment of Rs. 8 Lakhs. As per the norms stipulated by JNTUH the conventional lab has been upgraded to **Multimedia Lab (CALL Lab)** [Computer Assisted Language Learning – CALL] with 60 systems and **Interactive Communication Skills (ICS) Lab** to enhance the professional competency in English language among the engineering students.

CALL Lab: The learners are given training in building up right speech skills through programmed instruction and activities. The lab is also equipped with English in Use and various other resource materials, software for the use of the students preparing for competitive examinations like GRE, TOEFL, IELTS, CAT, BEC etc.,

ICS Lab: The lab is equipped with various audio visual aids. The course is designed suitably to involve the learners in group discussions, debates, role-plays, seminars, paper presentations, mock interviews, technical report writing and public speaking skills. The students from vernacular background are given special training in learning the nuances of English language.

Outcomes of English Language Laboratories

OBJECTIVES AND SIGNIFICANCE OF THE LANGUAGE LABORATORY

The language laboratory exists to help one to use technology successfully to communicate. It is not just for learning a single language, but can be used for teaching a number of languages efficiently. To acquire a sensibility for the sounds and rhythm of a language, one has to listen to the best samples of a spoken. This is precisely the function of the language laboratory.

Language laboratory enables the students to a variety of self-instructional, learner-friendly modes of language learning. It helps the students nurture the habit of reading passages from the computer monitor, thus providing them with the required facility to face computer-based competitive exams such GRE, TOEFL, GMAT etc. The use of language laboratory also enables them to learn better pronunciation through stress on word accent, intonation, and rhythm. It is helpful to train them to use language effectively to face interviews, group discussions, and public speaking.

Language laboratory is a tool designed for teaching any language. It helps the students into greater use of the computer in resume, c.v. preparation, report writing, format making etc. It helps one to have control on paralanguages like to learn pronunciation, accent, stress and all other aspects of the phonetics of a language. Effective and useful communicative training programs, discussion sessions for the general public, private and corporate sectors, junior and senior level officers can be given through the lab. Web content creation, the setting up of in-house news magazines, corporate publicity and identity, and teaching materials can be generated through the language laboratory. General documentation, software documentation and all forms of technical documentation can be completed. Experts and intellectuals can utilize the laboratory for creating and editing scientific and technical materials for teaching language. The language laboratory enables one to perform courses for various groups of people like students, faculties, businesspeople, etc. Online courses and paperless examinations can be conducted through the language laboratory.

ADVANTAGES AND BENEFITS OF LANGUAGE LAB :

Clarity: The direct sound transmission gives step by step direction from the teacher to the heads of the students with crystal clear clarity. □ **Software catch attention:** The Lab software is more attention absorbing for the students, where they are engaged with individual systems. □ **Comprehensive and analytical:** The Lab increases the pace of comprehension as students coaching are purely based on the level of study. □ **Multiple idea:** The Lab enable us to regulates the language through the different thoughts and ideas created in the mind of the students. □ **Effective learning:** The lab provides to learn the foreign language practice in a focused setting that removes the

Feelings of self-consciousness:

- Emphasis on various experiences:** By using text, audio and video can easily be integrated with actuality in everyday situations.
- Group Guidance :** It is easy to guide the groups by monitoring each student independently without disturbing the others students.
- Self evaluation process:** the students can do a periodical self evaluation to calculate the progress as well as evaluate his/her language with that of the professional.
- Freedom of learning:** access to resources beyond the timetable encourages independent learning.
- Caretaker for learners:** It care takes the learners to become accomplished at the language that they are learning.
- Reduce or remove the fear:** The automated learning environment removes one's fear and creates a happy learning condition. Learn the need: The lab satisfy the need of the learner that is learning the language skills in an effective way.
- Helpful for interaction:** The students can record their own voice and play back the recordings, interact with the each other and the teacher, and store the results.

The language lab is the solution and need of the hour to learn the skills of language. The quality of the language proficiency will be more when they learn it from the multimedia, digital and computerized Language Lab. There is always scope for improvement and advancement in any field and for any subject. It is high time that our teaching methods have to undergo a change. Unless the new technology is adopted in language teaching, we cannot impart language skills in our learners at the rate of growing competition. According to my view, these are a few of the whole lot of techniques those can be used to improve language skills and employability through technology in the present generation.

Report On A One-Day National Webinar On “Learning Pronunciation For Language Fluency”

Date: 29 August 2021
VITS, Deshmukhi, Hyderabad

The webinar was conducted on 10th June 2021 from 12 pm to 1pm by the Dept. of Basic Science and Humanities (English), Vignan institute of Technology and Science, Deshmukhi, Hyderabad, Telangana. It was conducted with an aim to facilitate English language learners/speakers with their pronunciation skills which are vital for language fluency. Dr. B. Chandrashekar, an Asst. Professor of English, was the co-convenor and also the moderator of the Webinar.

The webinar started with a welcome note and an introduction about the resource person-Dr. Rajkur Guduru . He was introduced to the participants in the webinar and was humbly invited to take over the session. Dr. RajKumar Guduru, an Assistant Professor of English at IIT Bhubaneswar, Orissa, addressed the participants on “How better pronunciation helps English Language Speakers/learners to use their language fluently in their life. Importantly, he talked about various strategies which are helpful to cultivate pronunciation skills in an easy way. The whole session went well and attracted the participants. Many participants expressed their satisfaction and were happy about speaker’s style of delivering the lecture, crystal clear pronunciation skills and the material used for explaining various pronunciation skills related concepts. The webinar followed four important stages i.e. the resource person’s introduction to the participants in the webinar, the prolific lecture by the speaker, question and answer session and vote of thanks. A total number of 200 participants from many reputed educational institutions have registered and participated in the webinar. Surprisingly, participants from other countries also enjoyed the session.

For this webinar, Dr. N. Phani Kumar, Head of the Department, BS&H, was designated as the convener and Dr. B. Chandrashekar as the co-convener and chief coordinator of the webinar. Other Faculty of English at VITS i.e. Mr. Ashok Kumar, the co-moderator, took care of all the technical work. Dr. K. Bhaskar offered vote of thanks. Mrs. Saritha Reddy and Mrs. Vidyvathi Devi prepared the invitation. Mr. K. Chandrashekar took care of the participants with their registration and participation in the webinar. It really had been a successful session with a lot of words of appreciation.

Thanking you,

Yours sincerely

The webinar was scheduled and conducted on 3rd June 2021 from 10:00 am to 11:30 am by the department of basic Science and Humanities (English), Vignan institute of Technology and Science, Deshmukhi, Hyderabad. It was organized by Dr.K. Bhaskar, Asst. Professor of English, Vignan institute of Technology and Science, Deshmukhi, Hyderabad. It was moderated by Dr.B. Chandrashekar and Mrs. Vidyavathi Devi who are the faculty of English at VITS. This webinar was conducted on *How to Teach Communication Skills*.

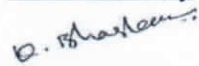

Prof. B. Gopal Rao a retired professor of Osmania University was invited to the session as the recourse person. He addressed the participants on the stated topic i.e. '*how to teach communication skills*'. It had been a clear understanding for all English professors who teach communication skills to engineering students. The session was carried ahead with three modules i.e. the recourse person's introduction by Dr.K.Bhaskar, the lecture by Prof. B.Gopal Rao and vote of thanks by Dr. K. Bhaskar. The lecture given by the recourse person had really imparted the valuable insights to polish the existing knowledge of communication skills for all English teachers in the field. A total number of 533 participants from reputed engineering colleges across the country have registered and participated the webinar. Dr.N.Phani Kumar, Head of the Department, BS&H, VITS was designated as the convener and Dr.K.Bhaskar as the co-convener and chief coordinator of the program. All English faculty at Vignan Institute of Technology and Science held the responsibility as the faculty coordinators to the webinar conducted.

It really had been a successful session with a lot of words of appreciation. Most of the participants who attended the session were with years of experience in the field.

All other supporting documents have also been enclosed with the report.

Thanking you,

Yours sincerely
