Student	Feedback system needs to be improved	In order to ensure effective feedback mechanism and to reduce bias, feedback is being collected by appointed committee from time to time by resorting to online feedback as well as oral feedback. Added to it the grievance redressal committee as well as the Dean, Students Affairs looks into the student concerns and delivers timely interventions.
Student	Improvement in lab facilities	All the labs have been upgraded with the latest technologies and further industry collaborated labs have been initiated to elevate the technical skills of the students beyond the curriculum to facilitate acquisition of industry specific skills
Student	Dissatisfied with the college canteen	The College Canteen Committee looks into the hygiene and the quality of the food served to the students. The canteen is under electronic surveillance to avoid any unwarranted activities in the canteen. There has been a bifurcation of canteen services to ensure the reduction in service time.
Student	Sport facilities inadequate	Sports hours have been planned at different slots for different branches to ensure availability of sports kits. Indoor stadium is provided for the girl students. Similarly, the sports kits are replaced to accommodate wear and tear from time to time.
