PROCESS OF HACKATHON

Hackathon Comprises of three rounds

Round 1:

- ➢ Registered teams have to choose one problem statement from bucket of problems given at the beginning of the Hackathon.
- ➢ All Team members should involve in solving the problem statement by taking support from mentors.
- ➢ By the end of the Round all teams must present their solutions to evaluators. Based on the evaluator decision teams will send to next level of hackathon.

Round2:

- ➢ In Round2 progress of the work is monitored by the evaluators by considering the inputs given in Round1.

Round3:

- ➢ In Round3 Evaluators will check whether the objective of the problem Statement is fulfilled.
